

BUILD YOUR OWN

**DIGITAL LEGACY
KIT**

Digital Legacy Project

WHAT IS A DIGITAL LEGACY?

Your digital legacy is the full record of who you are and have been online. This includes social media, news coverages, blogging, video sharing, anything you did online. This kit intends to help you harness all of that so you can pass it on to your kids, grand kids and beyond. Don't let who you are/were disappear because Social Media goes away or you pass away. Use this kit to ensure your memory is preserved.

Tailored audiences

Tailored audiences are often built from email lists or browsing behaviors. They help advertisers reach prospective customers or people who have already expressed interest in their business. [Learn more](#)

You are currently part of 5682 audiences from 1207 advertisers.

You can opt out of interest-based advertising in your [personalization and data settings](#). This will change the ads you see on Twitter, however it won't remove you from advertisers' audiences.

INSTAGRAM

INSTAPORT

Instagram does not have a feature within the platform to back-up your photos. The free tool Instaport will do so for you

INSTRUCTIONS

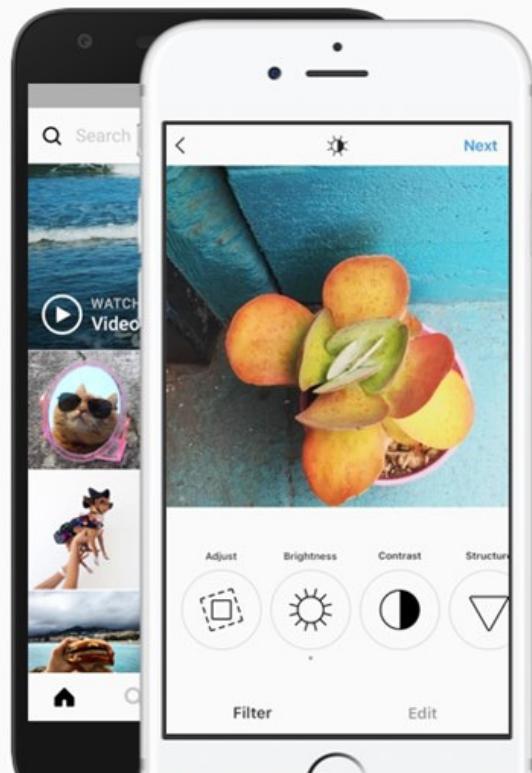

On the same browser, Open Instagram in one tab, and instaport.me in another. Follow the instructions on instaport to download a .zip folder of your images

DESKTOP ONLY

Try not to let the separation anxiety get the best of you! Instaport is only support on desktop so those mobile phones and tablets can sit this one out.

Digital Executor

In your Last Will and Testament, appoint a Digital Executor. This is the person will be in charge of your digital assets after death. This person could be responsible for:

- 1) Continuing to post
- 2) Closing accounts
- 3) Memorializing accounts
- 4) Passing your Preserved Legacy to your family
- 5) Selling websites
- 6) Posting Goodbye Messages

SOCIAL MEDIA WILL

What to include in your Last Will and Testament re: your digital assets

- Who will be your Digital Executor? Who will you alternative be?
- What will they do with all of your accounts?
- How will they handle the data associated with the accounts?
- How will they receive your official proof of death.
- How will they obtain access to your passwords?
- How will personal e-mail accounts be handled?

THANK YOU!

DIGITAL LEGACY**
